

Together in Education Linking Event:

Harris Teeter continues to follow all state and local mandates around COVID-19, and the safety of our associates and customers remains our top priority. Harris Teeter strongly encourages that customers wear a mask when hosting a linking event at one of our locations.

Linking Events are for Together in Education schools in North Carolina, South Carolina, and Georgia. This is an opportunity to increase your school link count by setting up a Together in Education table at an HT store in your community.

Please note: Harris Teeter reserves the right to deny any linking event, at any time. This may occur even after a school has received confirmation of their event

Below are the rules for a Together in Education Linking Event:

- Limit of five linking events between August 1 – May 31
- Limit of one linking event per weekend per school
- Schools may only request HT stores within 5 miles of their school location
- Schools may set-up for a maximum of 4 hours
- Event dates will be open 6 months prior (ex: You may reserve August 1st on February 1st)
- One week-minimum advance notice required
- Request must be submitted online using the Fundraising Event Request Form which is found under the Community Tab on the Harris Teeter website
- Events must take place OUTSIDE the store and follow the 20 foot rule. Schools must stay 20 feet from the door. Store managers may ask a school to move their table if it is impeding the flow of traffic for shoppers.
- Schools may not go inside the store asking customers to link their VIC cards
- Schools are required to bring their own table, chairs and materials for events
- Events are not permitted on holiday weekends due to heavy store volume
- For linking events, schools may distribute their school code to shoppers on a slip of paper or using the TIE linking stickers
- If these rules are not being followed, store management may ask a school to leave the store property
